Please specify what other sources you use to get information about courses and events in general:

Newspapers Television Adverts Email
Magazines Website Radio Channels
Others _____

Application process

This form enables us to assess your experience, skills and interests and to match them to the needs of Civil Society Organisations. As our courses take a participatory approach, we need to ensure that your experience is relevant to the course, and that you will be able to take part in the rich cross-cultural dialogue with fellow participants.

The NGO Support Centre, INTRAC (UK) and the Management Centre believe that an active and strong civil society is a very important element of any EU country. This programme is designed to help Cypriot citizens create strong and active civil society organisations, to complement the activities of the State in achieving an open and well developed civil society
